

## **ASIIS Web Application and CASA February 17, 2005**

The export file created by the ASIIS Web Application when preparing a CASA export has changed. In order to use CASA in conjunction with the ASIIS Web Application, you must download and install the latest version of CASA from the CDC website (version 2.6, last updated on 6/7/04). Visit the following web site to download this version of CASA.

[http://www.cdc.gov/nip/casa/c\\_software.htm](http://www.cdc.gov/nip/casa/c_software.htm).

When importing your file into CASA, choose the STC IWeb v. 2.9 import template.
